SUBJECT:- Letter of Appreciation

We have subcontracted 3i Electro Mechanical Works PLC for the fabrication and erection of **Ethiopian Airlines New Catering Facility Steel structure (main building and west side plate form)** which covers a total area of 11,500m². 3i Electro Mechanical Works PLC was efficient and dedicated to execute the works assigned to them within the given time schedule. Their deployment of resources and professional supervision was well planned and up to the standards expected to complete this demanding structure. They were proactive in anticipating problems and in taking ultimate solutions. They have completed the project just within the desired time frame, certified weld quality and geometry within the tolerances with no accidents occurring on Site. They also take pride on their work and are willing to take on challenges.

We recommend them without hesitation to anyone who may need their services.
